JOSIAH TURNER, Jr., EDITOR.

THE "SLEEPING BEAUTY" OF TENNESSEE—A REMARKABLE CASE.

A correspondent of the Louisville Commercial, writing from Union City, Tennessee, gives the following interesting particulars of the celebrated "Sleeping Beauty," of Tennessee, whom he recently visited: So much has already been written in regard to the lady known here as the "Sleeping Beauty "that I can scarcely hope to give you anything new, but will add my testimony to that already given, and make you a plain statement of facts as I know them from her mother, brother and friends who now have her in charge in the same house in which I am stopping, and from which I am now writing to you. Miss Susan Caroline Godsay was born in Obion county, Tennessee, and within ten miles of this city, of poor but respectable parents. Her father has been dead for over twelve years. Her mother still lives and watches over her loved child and the sunken eyes and furrowed brow show very plainly the trials and sorrows she has experienced in her duty for twenty one years. She is very poor, and to some extent, dependent upon the contributions of visitors to take care of and procure proper supplies for her charge.

Miss Godsay was taken sick when about four years of age, with what was supposed to be chills and fever, but which baffled the skill of nurses and physicians for more than two years, at which times she fell into a nervous sleep, from which she has not awoke since for a longer time than twelve minutes. She usually sleeps soundly from eleven o'clock at night until about six in the morning, and through the day awakes about once an hour. Her waking spells are never of less than four nor more than twelve but usually about six minutes duration. In her waking moments she speaks both pleasantly and intelligently, answers promptly any questions asked her, and appears quite happy and contented.

One of the strangest points of this strange case is the seemingly total absence of anything like respiration. A piece of the finest polished glass held to her lips fails to disclose the slightest trace of breath. Her pulse is perfectly still, and but for a nervous or tremulous motion of the body, which never ceases, you might at any time call her dead. She has grown during her affliction from a little child to about the average height of her sex, and weighs ninety six pounds, and although her body and hands show her very poor in flesh, her face is full and smooth, and her features well developed. Indeed, such a rare style do her features portray that she is not inappropriately called the Sleeping Beauty of Tennessee.

A GEM.—The following little paragraph, which a friend hands us, contains a whole volume of truth and suggestion, and if well studied and acted upon, would prevent much unhappiness in this world, and prove a most effectual remedy for much that now exists: "It is the easiest thing in the world to be happy if men and women would only think so. Happiness is only another name for love; for where love exists in a household there happiness must also exist, even though it has poverty for a close companion. Where love exists not, even though it be in a palace, happiness can never come. He was a cold and selfish being who originated the saying that 'when poverty comes in at the door, love flies out at the window;' and his assertion proves conclusively that he had no knowledge of love; for, unquestionably, the reverse of the axiom quoted is nearer the truth. When poverty comes in at the door, love, true love, is more than ever inclined to tarry and do battle with the enemy. Let those who imagine themselves miserable, before they find fault with their surroundings, search in their own hearts for the true cause. A few kind words or a little forbearance, will often open the way to a flood of sunshine in a house darkened by the clouds of discord and unamiability."

BREAKING IT GENTLY.—When the lamented Judge Bagley tripped and fell down the courthouse stairs and broke his neck, it was a great question how to break the news to poor Mrs. Bagley. But finally the body was put into Higgins' wagon and he was instructed to take it to Mrs. B., but to be very guarded and discreet in his language, and not break the news to her at once, but do it gradually and gently. When Higgins got there with his sad freight, he shouted till Mrs. Bagley came to the door. Then he said:

"Does the widder Bagley live here?

"The *widow* Bagley? *No, sir!*"

"I'll bet she does. But have it your own way. Well, do s *Judge* Bagley live here?"

"Yes, Judge Bagley lives here."

"I'll bet he don't. But never mind—it ain't for me to contradict. Is the Judge in?"

"No, not at present."

"I just expected as much. Because, you know—take hold o' suthin, mum, for I'm a going to make a little communication, and I reckon maybe it'll jar you some. There's been an accident, mum. I've got the old Judge curled up out here in the wagon—and when you see him you'll acknowledge yourself that an inquest is about the only thing that could be a comfort to *him!*"

BEAUTIFUL AND APPROPRIATE DEDICATION.—Mr. Stephens sends forth his second volume of the war between the States, with the following beautiful and appropriate dedication: "To the memory of those whose lives, in the late war between the States, were sacrificed, either in battle, in hospital, in prison, or elsewhere, in defense of the Sovereign Right of Local Self Government, on the part of the people of the several States of the Federal Union; and in defence of those principles upon which that Union was established, and on which, alone, it or any other Union of the States can be maintained consistently with the preservation of Constitutional Liberty throughout the country, this volume is most solemnly and sacredly dedicated; while others are to day strewing flowers upon their graves, this oblation, with like purposes and kindred emotions, is thus contributed by the author to the same hallowed shrine."

At the late reunion of the Illinois Fourteenth regiment, a letter from Senator Yates was read, in which he said: "It we the people of the United States, shall faithfully secure to ourselves and our children the real objects for which the war was fought, then the blood of our soldiers will not be on our hands. Otherwise, I say, God save the Republic, and saveus—myself, and one and all—from the agency we have had in it."

Mr. Yates ought to have thought of this sooner.

WALTHAM WATCHES.

THE EXTENSIVE USE OF THESE WATCHES for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these timekeepers.

More than 430 000 of these watches are now ticking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch, merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watchmaking originating in this country or in Europe, only those were finally adopted which severe testing by the most skilful artisans in our works, and long use on the part of the public demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps, protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success and a great improvement on any stem-winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mention'd improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks.

American Watch Co.,	Waltham, Mass.
Amn. Watch Co.	Waltham, Mass.
American Watch Co., Crescent St.,	Waltham, Mass.
Appleton, Tracy & Co.,	Waltham, Mass.

CONSERVATIVE CANDIDATES FOR CONGRESS.

FOR THE SHORT TERM.

HON. R. B. GILLIAM,
OF GRANVILLE.

FOR THE LONG TERM.

HON. S. H. ROGERS,
OF WAKE.

THE FRANKLINTON CONVENTION.

We received a telegram from Franklinton, just before going to press, announcing that the Convention had nominated, as candidates for Congress for this Congressional district, Hon. R. B. Gilliam of Granville for the short term, and Hon. Sion H. Rogers of Wake for the long term. We therefore place the names of these Standard bearers at the head of our columns, under the full conviction that, with proper effort and a fair election, they can be returned in August next.

DANIEL A. GRAHAM AND THE KU KLUX.

We alluded yesterday to the unenviable position Gov. Holden had placed himself in before the world, in telegraphing to members of Congress statements in regard to the murder of John W. Stephens, which were not supported by any evidence whatever; and also the statement that Wilson Carey, the colored Representative from Caswell, had been forced to flee the county to save his life, when, if he did not have reason to believe at the time, he had indubitable evidence two days after, that the statement was untrue; and, although he had sent the false statement flying to the four winds, to the disparagement of the character of the people of Caswell and of the State, he has not had the magnanimity, to this hour, to contradict the statement and thus correct the unjust impression made by it on the public mind, neither in the matter of Stephens' death nor of Carey's fleeing the county.

In order to deepen the impression which his groundless statements might make on the mind of Congress, and the public generally, he, about the same time, when excitement was at a high pitch, caused to be published in his organ, the *Standard*, a long list of outrages alleged to have been perpetrated in the State, by what is termed the "Ku Klux organization," most of them, no doubt, based upon the lying statements of mischievous characters, who run here to Raleigh and obtain the Governor's ear into which they pour their false or distorted stories. Among the rest was paraded the "sworn testimony" of that precious rogue and rascal, Daniel A. Graham, the Governor's friend and "reformed Ku Klux."

O, what a parade was made over this "sworn testimony," which the editor of the *Standard* says, he gave "for the edification of his readers!"

But that *Standard* took rather an overdose of this Graham, and, on Saturday, it took the back track—didn't consider that startling rigmarole of lying "sworn testimony" quite so *edifying* as it had been—admits doubts in regard to it; thinks it "may go for what it is worth, which cannot be very much." The *Standard* had heard something of the character and antecedents of Graham, and under the momentary influence of an honest impulse, wrote the paragraph on Saturday, withdrawing its endorsement of that grand and startling developement his testimony made, of blood and murder, against some of the most honorable and respectable citizens of Moore county.

But the impulse was but transitory, for, on yesterday, he reasserts, impliedly, his confidence in Graham's "sworn testimony," and tries to shield him from the charge of murdering the McLeods by stating, "on good authority," that "Graham left the State soon after giving in his testimony, and that he fled because of the danger to his life."

Now, who is this Daniel R. Graham?—For the information of the public, (and, incidentally, of the *Standard*,) we will answer the interrogatory, by giving statements, based "on good authority," all of which will be substantiated by the best of "sworn testimony" when necessary.

Daniel R. Graham is one of a family, the father and sons of which have long been a pest to the county in which they live. One of the sons was suspected, on very strong circumstantial evidence, of being the murder of the colored man, Blue, and his family, and lay in jail six months under the charge. Under what circumstances he finally got clear, we have not learned.

Prior to last February Court for their county, Daniel R. Graham, his father and one of his brothers, were charged with stealing horses, on evidence that would have convicted them before a jury. The old man and Daniel were arrested and lodged in jail, the other son escaped arrest. A week before Court, by giving a trust on their property, they got Mr. Archy McDaniel to go bail for them, and when Court came, they forfeited their bail and have been skulking about the county ever since. Daniel has been seen frequently in the neighborhood, but the officers of the law have not been able to come up with him.

We have already given the fact of his recognition by Mrs. McLeod, at the time her husband and brother were murdered, which comports well with the other facts in regard to his recent movements.

And this is the *Standard*'s "reformed Ku Klux," whose evidence was blazoned to the world through its columns to sustain the charge of lawless outrage against decent citizens, on the occasion of the death of Stephens.

The *Standard*, from shame or some other cause has failed to state before whom, and under what circumstances that testimony of Graham's was taken; indeed, we think it doubtful whether it was ever taken at all, unless it was in some league meeting, acting under instructions from the President of that organization.

In addition to what we have stated above, concerning this Graham, there are other well substantiated charges against him, for which he would be made amenable to the law, if he could be caught, such as stealing bee hives, breaking into and robbing a school house, and other deviltries of that character.

Taking a view of all the circumstances connected with this case, we congratulate the Governor and the *Standard* on their connection with their friend; the "reformed Ku Klux," Graham; and we equally congratulate Graham on his good fortune in obtaining such warm friends and apologists in this his hour of dire calamity, while dodging in the bushes to avoid arrest for horse stealing and other heinous crimes.

We suggest to the *Standard* to send out a trusty *detective*, to hunt up Graham in his temporary retirement from public life; perhaps he could give him some more sensational "sworn testimony" to have on hand to support the next grand telegram to Pool and Abbott in Washington.

KINSTON, LENOIR Co., N. C., May 31, 1870.

DEAR SENTINEL: Thinking that it would be of some interest to your readers, especially in this county, I propose to give you a short statement of the way the "Great Republican Meeting of Lenoir" was managed and what was said and done.—Shortly after the arrival of the train from Goldsboro, I noticed a large number of delegates (all 15th amendment,) from Moseley Hall Township, marching down the street with R. W. King, Esq., at the head of the line; pretty soon the Court House bell announced the fact that the hour for meeting had arrived. Soon after the crowd went in, and when your correspondent with several other Conservatives went up to take observations, we found that the meeting had organized by appointing the Postmaster and ex Sheriff, C. F. Cox, J. P. as Chairman, and one white and a colored gent, as Secretaries. It was evident that there would be a contest on the part of color, but the whites got a majority on the nominating committee, there being 9 whites and 5 colored.

The committee retired, when R. W. King, Esq., delivered himself of a *glorious* speech, (over the left.) he did his level best to get up some enthusiasm, but *nary* enthusiasm could he arouse except in himself. I would like to give you a synopsis of his speech, but really I could not get but one point in it and that was, "He (the Speaker) had been solicited very hard to become a candidate for the Senatorial District of Jones and Lenoir, but it would be a great *sacrifice* for him to serve, he should lose money by the operation, yet he couldn't tell (until the committee returned) whether he should run or not, but if he did, he was for economy, as he had, when he was in the State Convention saved the State a vast amount in the item of *wood*." (I was unable to see the point, unless his corpulency contains so much animal warmth that he does not require any artificial heat, and if that is the case, I suggest to our neighboring county, Greene, to bring out her large man, he can economize more in that line than King) Well the committee returned and then came the tug of war, white or black. The blacks who are in a large majority, contended for five of the offices, but when the nominations were announced, lo! they had given them only three, whereupon all the blacks declined to accept, and Squire King commenced a pacifying speech, but it was no go. Seeing that things were waxing rather warm, I left at this juncture, and very soon the meeting adjourned. Up to this writing the blacks are very stubborn and say they will not yield. Whether they do or no, remains to be seen. It was amusing indeed to see them in the evening pulling the wires and trying to coax the blacks into ranks.

I could but notice, Mr. Editor with what joy they spoke of the accession of Dick Badger and Sam Phillips, to their ranks, those men are all the names mentioned and yet they say thousands are daily coming over to them, guess they are, somewhat like New York. North Carolina will elect a Conservative Legislature this time by a large majority; be of good cheer.

Yours truly,

NEUSE.

On Thursday, the public annual exercises took place according to the following

Intermission of fifteen minutes.

1. Annual Sermon by Rev. L. Branson, A. M. Raleigh, N. C.

Intermission for dinner.

1. Annual Address before the Calliopean Literary Society, by Col. C. B. Denson, Principal Pittsboro Scientific Academy.
2. Annual Report of Board of Trustees.
3. Annual Address of the President.
4. Benediction.

The orations of the young men were fine selections from the great orators, and were well delivered, showing that they had given close attention to the spirit and style of their pieces. When all did so well, it were useless to attempt to draw any distinction. To say they acquitted themselves, is but saying the sheer truth.

The Annual Sermon by the Rev. Mr. Branson was indeed a gem. His subject was "The Christian Religion the only Power which can restore the fallen mind to its Paradisiacal vigor." His argument was certainly very fine, and whether we may be prepared, at once, to receive his entire reins on the subject, yet we must say, that his position was fortified by an array of historical facts, an ingenuity, and depth of reasoning, that commanded the entire attention of thinking persons who heard it.

The manuscript was requested by the Board of Trustees with a view to its publication.

During the intermission for dinner, all present had a practical illustration of Chatham hospitality. The campus groaned under the weight of good things, and we saw a plenty to eat and much to spare.

At or dinner we had the address of Col. C. B. Denson, the learned and accomplished Principal of the Pittsboro' Scientific Academy. His subject was "The Public School System." His address was an able argument as to the propriety, value and feasibility of the Public School system in the United States. He examined minutely from the official documents of the Northern States, as to the operation of their public schools, and endeavored to show, that in all save the expenditure of money, they were a failure, certainly the statistics as brought forward, should awaken enquiry with thinking men as to the propriety of a public school system. He admitted that he was contending with a seemingly firmly settled opinion, that a public school system was a necessity. He examined thoroughly the Spartan doctrine, that the State should educate the child, and criticised the compulsory legislation of North Carolina relative to children attending the schools, as a re-enactment of the laws of Sparta. He denied emphatically, that under the christian religion, that the State had the right of compulsory education. The christian religion set up, and maintained parental supremacy, the laws of North Carolina regarded more sacredly than many other States the marital relations. Divorce is here allowed but from one cause. The absolute and unqualified right of the parent to educate the child, was the chief flower of the married State. That the compulsory Legislation of North Carolina, was a step to destroy parental supremacy, after the child had let loose the apron strings of his mother. Then the child was to be turned over to the strolling school master, and his views on religion, morals, politics, and everything was to be moulded without consulting the parent, and the parent relieved of that responsibility which he owed to God for the proper education of his children. Compulsory legislation as to attendance on public schools and parental supremacy could not stand together. Good men would not surrender the education of their precious offspring in the hands of the State, until the heaviest of pains and penalties should force them to do it. The position of the learned gentlemen may seem very strange, but the array of statistics, viewed in every light, as brought forward by him, will certainly set thinking men to examine the reasons upon which the theory of a public school system rests.

The annual report of the Board of Trustees showed that during the past year about fifty pupils had been in attendance, and they promised redoubled energy in supplying the school with all the appliances of a liberal education. To meet the wants of many young men who are compelled to work a crop, the session opens on the third Thursday in July, and closes on the last Thursday in April, giving a long vacation in summer, the busy season. There is recess only for the Christmas holidays. Students are received for a half session of five months.

The annual address of the President gave a succinct account of the operations of the school during the past year. There had been no cases of severe discipline, and very few cases calling for discipline. There had been no deaths, and no case of severe sickness. After a day of literary festivities, the benediction was pronounced. Success to Ruffin Badger.

SPECTATOR.

THE DEBASEMENT OF SOUTHERN POLITICS.—With the re election of Whittemore, the cadetship trader, to Congress before us, the special correspondent of the New York *Tribune*, who in this case will certainly be acknowledged good authority, writing from Charleston, gives the following in relation to the ruling power in South Carolina politics:

"There is an unpleasantly large class of politicians who live only by politics, who know no other profession, and who look upon the legitimate and the illegitimate emoluments of the trade with equally favorable eyes. When to these we add an infusion in the Legislature of men chosen as the most eligible in a community of field hands who never saw a school-house and never owned a five dollar bill, it is easily to be seen that dangers beset the public affairs of South Carolina."

The above is a fair resume of the political situation throughout the entire South, and it is quite as true of every other State as it is of South Carolina.

The Conservatives of Lenoir county held their county nominating convention on Saturday last. H. F. Grainger was nominated for the Senate; Jas. W. Harper, for the House of Representatives and Levi J. Mewborne for Sheriff.—*Goldsboro Messenger.*

TOWNSHIP MEETING IN CHATHAM.

At a public meeting of the citizens of Williams Township, Chatham county, held on the 4th day of June, E. P. Fearrington, Esq., was called to the chair, and M. T. Baldwin appointed Secretary.

At the request of the chairman, Jno. M. Moring, Esq., explained the object of the meeting to be for the purpose of appointing delegates to the County Convention on the 25th inst., to assist in selecting candidates in opposition to Radicalism, rascality, extravagance, fraud and corruption, and also for the thorough organization of this Township for the approaching campaign.

The resolutions of the Pittsboro' meeting of the Conservative party were, in all respects, adopted, and for the purpose of full harmony of action, the recommendations of the County Executive Committee were complied with.

The following were appointed to represent this Township in the County Convention to be held June 25th, to wit: John W. Atwater, Dr. E. Ward, C. R. Scott, Luther Bynum and Jno. M. Moring.

And the following the Executive Committee for this Township, to wit: Jno. M. Moring, E. P. Fearrington, Atlas Riggsbee.

Canvassers for the Township were then appointed, when, on motion, the meeting adjourned.

E. P. FEARINGTON, Ch'm.
M. T. BALDWIN, Sec'y.

SOFT-TILING THE ROAD TO HEAVEN.—That pious paper, the New York *Herald*, makes the following notice of the religious theatricals, at the Plymouth Church, Brooklyn, under the management of that experienced caterer, Henry Ward Beecher:

"Across the river the lambs in Brother Beecher's fold had a right merry frolic. To those who must have amusements on Sunday there is no more popular and pious establishment for them to visit than Plymouth church. Yesterday the performance was admirable. As a rule the Lord is glorified in standard comedy at the tabernacle. Yesterday His power and glory were declared to the world in broad farce. From the moment the play—we beg pardon, services—began, to its close, the audience was convulsed with laughter, and all on the subject of flowers, light and Sunday keeping. Of what avail are prayers and tears, confessions and penance, when the sins of humanity can be wiped out with a witticism and regenerated mortals can go direct to heaven with a grin!"

CASH ASSETS - - - - - - - - $500,000.

YOUNG, HEALTHY, VIGOROUS AND CONDUCTED BY A WISE, PRUDENT, AND ECONOMICAL BOARD OF DIRECTORS UPON A

NEW SYSTEM,

devised by its talented and distinguished Actuary CHAS. N. MORGAN, which must make it the leading Company in America, for persons in

MODERATE CIRCUMSTANCES,

and all who appreciate and demand the most UNQUESTIONABLE SECURITY, at rates in most cases, *considerably lower than* those of the leading Mutual Cash Companies.

The Excelsior issues Policies on *all* the plans of *Mutual or Stock* Companies, extending to policy holders, all the really desirable advantages. Its policies being *non-forfeiting*, the insured are privileged to *live and travel where they please* in any healthy part of the world, they participate in its profits, are allowed 30 days grace for payment of renewal of premium, a cash surrender value of policy, *and a privilege* which has never been offered by any other Company, that of converting Policies into

ANNUITY BONDS,

after the payment of 5 or more annual premiums.

☞ Hitherto, I have been restricted in the very popular Company which I had the honor to represent to *Stock rates* alone, which most of the *Mutual*, and mixed Companies have adopted. This disadvantage, together with the multiplication of many new Companies, in this State who claimed to possess unusual charms, together with the extraordinary attractions presented by the Excelsior induced me to accept the management of that Company, whose plan combines *all the* popular features of other Companies, represented in this State, without an exception, and the additional privilege of converting policies, which the holder can not afford to keep up, or wishes to discontinue because of the death of those for whose benefit the policy was secured, into an *Annuity Bond* which provides an *income in cash through life, or for a series of years as preferred.*

Circulars giving full explanations and any other information, will be cheerfully furnished.

The most liberal arrangements, will be made with first class solicitors, to push the EXCELSIOR forward in the Old North State, to that position which her low rates and most ample security entitle her to occupy.

New Ads.—We have space only to refer very briefly to the new advertisements to-day. Read them.

MEETING OF THE CONSERVATIVE COMMITTEE.

The Conservative State Executive Committee, composed of the Central and District Committees, will meet in this city to-morrow. We are requested to notify the members of the Committee that they are requested to meet in the office of the Secretary and Treasurer, in the rear of the store of W. H. Jones & Co., at 11 o'clock, A. M.

Our extraordinary Governor has issued an extraordinary proclamation, which is deserving an extraordinary notice; but we have not sufficient time to devote to it today, and must, therefore, though reluctantly, let it *lie* till to-morrow.

Personal.—We had the pleasure of a call to day from J. A. Engelhard, Esq., editor of the Wilmington *Journal*, who is looking sufficiently stout to stand the summer conflict.

Found Dead.—We learn that the dead body of a white woman was found, to day, about seven miles from the city, near the Falls of Neuse, and that special Coroner, Temple, has gone out to hold an inquest. No particulars as to the name of the deceased, for the circumstances of her death were obtained, except that she was found in the woods, and that the buzzards had considerably mutilated her face.

Too Much of a Good Thing.—We have often heard it remarked that "enough is as good as a feast," and that it may occasionally fall to one's lot to have "too much of a good thing." We have reflected on the wisdom of these old sayings, and have come to the conclusion that, ordinarily, both in reference to health and exercise, *one fight a day* is enough, and that more than one is "laying it on a little too thick." We suggest a general cogitation on this subject by all belligerently disposed.

Fine Pictures.—Reader, have you noticed that long advertisement of H. T. Clawson & Co., proposing to sell off their large stock of beautiful pictures—Chromos, Lithographs and steel engravings—at cost! If you have not, we advise you to turn to it, in another column of the Sentinel, and see what a display of rich ornaments for your homes you have now an opportunity of procuring, on terms that may not present themselves again for years. Read the advertisement and then go and look at the pictures and make your selections.

Pittsborough Scientific Academy.—We have received an invitation to be present at the annual Commencement of this Institution, Wednesday and Thursday, 8th and 9th inst. The exercises will be,

Wednesday 8th, 4 o'clock P. M, Annual Sermon by Rev. L. Branson, A. M. 8 o'clock, P. M, Students' declamations.

Thursday 9th, 12 o'clock, M, annual Address by Col. W. A. Saunders, A. M., of Chapel Hill. To close with delivery of scholastic honors.

New and Ingenious Toy.—We noticed at Mr. Thum's Fancy Store, yesterday, a new style of Top, the most ingenious thing of the kind we ever saw before. We shall not attempt to describe it, and will only say that, while it affords amusement it suggests subjects for philosophic thought. Let the boys go and examine it for themselves.

To the Rescue, Ho!—Gentlemen and ladies, who have had their heads contaminated with nauseating and uncleanly hair dyes, are invited to try Phalon's new discovery, Vitalia, or Salvation for the Hair—clear and sweet smelling, without sediment.

Out Pleasuring.—To day the Baptist Sunday School of this city, after one or two disappointments caused by the rainy weather, went out in procession to the Rayner Grove, preceded by the Raleigh Brass Band, to enjoy a holiday of pleasure and pic-nic. We believe there were "no cards," nevertheless, from the buoyant expectancy depicted on the countenances of the children, as they gathered at the Church preparatory to marching out, we have no doubt they had a very pleasant and happy time.

The "Anti Radical."—We have already noticed the appearance of this excellent campaign paper, published at Newbern, by Stephen D. Pool, Esq., at the low price of 25 cents for the campaign. The Anti-Radical will contain matter of interest on public affairs that ought to be known by the people, and we suggest to the County Executive Committees, to Conservative candidates, and to leading men in the various counties, who can afford it, to send for clubs by the score and hundred, for distribution in their different localities.

Rechristen It!—We see they have a "Deweese" township in Mecklenburg county, and we would suggest, in view of recent developments, that it be re-baptised. Call it anything else; give it a pet name of some sort, but, for goodness' gracious sake, scratch out the "Deweese."

Conflicting.—Galloway reported to the Newbern *Times* that harmony prevailed in the Radical ranks in New Hanover; and about the hour the *Times* was putting this precious little morceau in type, the bolting Radicals were holding an "indignation meeting" in Wilmington, which movement was participated in by a large number of colored, and several white Rads, who kick up at the action of the late New Hanover County Convention. So much for the New Hanover harmony.

The following is the published order of exercises at Trinity College Commencement: June 12th, anniversary sermon before the Theological Society by Rev. T. W. Guthrie; June 14th, address to the Alumni by Prof. L. Johnson; 15th, annual sermon to the Graduating Class by Rev. J. H. Dally and address before the Literary Societies by Maj Seaton Gales, of this city; 16th, Commencement day.

The City Clock of Wilmington will be up and keeping time next Wednesday. The money to pay for this clock was raised by private subscription some time after our city clock was bought, or said to have been bought, with city funds; now, *their* clock is nearly ready to go to work, while not a single *tick* of ours is heard, and there is no telling when there will be.

A Sad Event.—On yesterday, all that was mortal of an esteemed person was laid in the grave. In the Methodist cemetery, with the rites of the Episcopal Church, Mrs. Elizabeth F. Tew's body was buried. This community and the community of Hillsboro, N. C., will unite in the sorrow which this death excites. Mrs. Tew was the widow of Col. C. C. Tew, who fell in the service of the Confederacy, at Sharpsburg. The reports that prevailed, as to Col. Tew's being alive and a prisoner at the Dry Tortugas, excited, of course, the fondest hopes in the mind of his widow, but at last she was brought to feel and believe that her husband's body filled a soldier's grave on the sad field of Sharpsburg. Her children were left to her. For them she lived, and worked, and prayed; and when, on yesterday, the undertaker and his assistants had completed their offices, it was touching to see the orphaned children of a true and gallant Carolinian and of his brave and devoted widow, lay floral wreaths, tear bedewed, upon the grave of her—to them an earthly mother no longer. Sad is an event like this, but in the faith taught us, that God doeth all things well, and that He tempers the wind to the shorn lamb—in this faith, let us rest.—*Columbia (S. C) Phœnix.*

Severe Storm.—On Friday afternoon last, this vicinity was visited by a severe storm of rain, wind and hail. It appears that it did not extend over a very large scope of country. We are informed that the crop of cotton and corn of Mr. Baxter Moore was entirely destroyed, and that the crops of Dr. J. M. Davidson and a few others were considerably damaged.

The storm continued but a few minutes, but in that time a vast amount of rain fell. Morrow's Creek, in the edge of town, was higher than ever known to be within ten or fifteen years past.—*Charlotte Democrat.*

The Life Sustaining Organs.

The two organs which minister most directly to the support of the body, are the stomach and liver. In the former the first process of digestion takes place, under the action of that powerful solvent, the gastric juice. Thence the food, converted into a pulp, passes into the duodenum, where it is subjected to the action of the bile or gall, flowing from the liver, and of the fluid generated by the pancreas, or sweetbread of the system. These secretions separate the nutritious portion from the rest, and it is then taken up by the absorbent vessels and conveyed into the channels of circulation in the form of venous blood, while the waste matter is discharged through the bowels. Unless all these processes are duly performed, disease of some sort is inevitable, and the best of all medicinal agents for preserving or restoring the tone and, regulating the action of the three organs—(the stomach, liver and intestines)—by which the three-fold work is carried on, is Hostetter's Stomach Bitters. Indigestion is generally accompanied by constipation, and the gentle cathartic operation of the Bitters is no less important in cases of this kind, than its tonic effect upon the stomach and the biliary gland. Beauty of person as well as health, depends in no small degree upon the regularity of the excretive functions. A sallow complexion, a thick opaque coated skin, tainted breath, rush of blood to the head, loss of memory, headache, and extreme mental depression, are the usual accompaniments of costiveness. A course of the Bitters will infallibly relieve, and finally banish these obnoxious symptoms, while invigorating the stomach and promoting healthy action in the liver. This genial vegetable stomachic and alterative, strikes at disease in its primary sources the assimilating, secretive and expulsive organs, and the cures it effects are consequently thorough and complete.

June 6-eod1w

Progress the Order of the Day.—It seems that *Excelsior*, is now the watchword of our popular Insurance Agt., P. P. Pescud Esq., who makes his bow to our readers in this afternoon's paper.

Mr. P. says that he has taken the Excelsior, in order to overcome the increasing competition from *old* and *new* Companies The new feature presented by the Excelsior, in attaching a cash valuation to all her policies, with which policy-holders may purchase annuity bonds and secure an income for life or a series of years, is indeed new, and must be popular.

We wish Mr. P. abundant success and refer the reader to his advertisement.

A PROCLAMATION

By His Excellency the Governor of North Carolina.

Executive Department of N. C., Raleigh, June 6th, 1870.

Whereas, Official information has been received at this Department, that a vacancy exists in the representation from this state in the Congress of the United States, caused by the resignation of Hon. Now therefore, I, W. W. Holden, Governor of the State of North Carolina, by virtue of authority vested in me by law do issue this Proclamation, ordering an election to be held in the various counties composing said District, on the first Thursday in August next, for the purpose of filling the unexpired term of the said John T. Deweese. It is further ordered, that said election be held in all respects in accordance with existing laws.

Done at our City of Raleigh, this 6th day [L. s.] of June, 1870, and in the 94th year of our Independence.

TELEGRAPHIC.

Monday Night Dispatches.

WASHINGTON.

Washington, June 6.—Bowen introduced a bill for the sale of certain sea islands which was referred to the Reconstruction Committee. By Newsham a bill to repair the levees on Red river from Shreveport to the mouth. The bill on Foreign affairs is made a special order for Tuesday next, when Banks' Cuban bill comes up. The River and Harbor appropriations is made a special order for Tuesday. Schenck's amendment to the Tariff bill was adopted, also the amendment relieving coasting and fishing vessels from tonnage duties. The bill finally passed by a vote of 120 to 35; its features have already been published. The Post office appropriations was taken up. Sargent introduced a bill preventing servile labor contracts.

In the Senate the New York merchants and importers petition for the abolition of tax on sales. Stewart introduced a bill to prohibit contracts for servile labor, which he said was intended to break up the system of Coolie contracts by which the Chinese laborers were imported to this country and held to labor for four year. The contract is to return the Chinese to his own country, dead or alive, at the end of four years; and the religion of the Chinese prevents them from breaking the contract. This is really a system of servile labor; the wages are exceeding low, and can be called by no means free. The bill provides that no contracts with the Chinese shall be good longer than six months—immediate action should be had, as agents are now about to introduce them into South Carolina and other States. He moved that the bill be referred to the Judiciary Committee, and gave notice that he should press it to early action.

The Indians appropriations was considered. A motion to make the taxes of the Southern Pacific Railroad a special order prevailed, but subsequently Drake moved a reconsideration.

Night session of the Senate the bill for the settlement of claims for Quartermaster and Commissionary stores, furnished to or taken by the U. S within the States in rebellion during the late war, came up in order and was debated. Motions to pass over and to recommit were defeated.

The election passed comparatively quiet—Emery's election seems conceded.

FOREIGN.

Constantinople, June 6.—A large fire to-day in the richest part of the city, on the north side of the Golden Horn—wind very high—the residence of English, American and Portuguese ambassadors and consuls, the theatre and many Churches and Mosques, and the richest stores and shops were burned. Loss of life by falling walls is fearful and the pecuniary loss is inestimable. The fire at noon was still raging.

Madrid, June 6.—There was a grand demonstration in favor of Espartero for King, yesterday.

London, June 6.—The weather is delightful—the Irish telegraphs are working badly. The yacht Egaria, defeated the Cambria yesterday. It is reported that the police are discovering ramifications of the Fenian plot in every direction, not only in London, but in Wales and elsewhere; war materials have been seized in several places, and the persons in charge of the stores have been arrested. The public excitement is unabated.

Havana, June 6.—Vera Cruz advices to the 1st state that the Mexican Congress would probably hold an extra session to discuss the constitutional reforms. The stage between Vera Cruz and Jalapa has been robbed and one passenger killed. Six of the band were recently captured at Santa Cadecas. The new Portuguese mines are yielding enormously. Citizens of Guatamala have invaded Mexican territory. It is generally believed that Felix Diez Governor of Oaxtaca, is the prime mover in the invasion, and intends establishing a separate republic. The National treasury is bankrupt. The Guatmas revolution is ended, Lozada refusing to participate.

MARKETS.

Baltimore, June 6.—Wheat firm, prime Maryland Red 1.50; White Corn 1.18, Yellow drill 1.10 to 1.10, Oates 55 to 60; Pork firm 18½; Bacon firm, shoulders 14; Lard quiet 17½; Whiskey 105 to 106.

Tuesday Evening Dispatches.

WASHINGTON.

Washington, June 7.—Dispatches received here somewhat confirm the report of outrages on the Jews in Roumania.

Emory's majority is over three thousand; the vote reached within one thousand of the registration. Many negroes voted and electioneered for Emory without molestation from their colored fellows. The rejoicing throughout the city is universal. The house men have only two members in the upper, and five in the lower Board. Three colored men are elected to the Council on the Emory ticket.

In the House the bill authorizing terms of the Federal Court at Helena, Arkansas, passed; the bill regulating election contests was tabled; the currency bill was considered; the bill authorizing increased mail facilities between Cedar Keys and Havanna was referred to the Post-office Committee. The Reconstruction Committee added a proviso to the Georgia bill, that nothing therein should interfere with the election this Fall, as provided in the Georgia Constitution; the House also resolved to take no action regarding Tennessee, this session.

The Senate had a debate on the Rules, and considered the Indian appropriation bill.

CONNECTICUT.

Hartford, June 7.—The citizens' ticket, composed of men of both parties, is elected over the regular Republican ticket.

Valuable land for sale.

I OFFER FOR SALE, ON REASONABLE terms, the following tracts of land: viz: 1st, A tract lying on Tar River and containing 100 acres. The Great Family Medicine of the Age.

THIRTY YEARS

Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before. Its popularity is not confined to this country alone; all over the world its beneficial effects in curing the "ills that flesh is heir to," are acknowledged and appreciated, and as a PAIN KILLER its fame is limited to no country, sect nor race. It needs only to be known to be prized.

Thirty Years is certainly a long enough time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all its proprietors claim for it, is amply proved by the unparalleled popularity it has attained. It is a sure and effective remedy, sold by all Druggists.

Price 25 cts, 50 cts and $1.00 per Bottle. Directions accompany each bottle.

THE EQUITABLE

HAS BECOME THE LEADING COMPANY OF THE WORLD.

Its New Business (amm ounted), for the year 1869, exceeded that of the second company in rank by more than Thirteen Million Dollars.

In 1860 it was the 9th Company in new business for the year; in 1861 and 1862 the 7th; in 1863 and 1864 the 6th; in 1865, the 4th; in 1867, the 3d; in 1868, the 2nd;

In 1869 it was the FIRST.

The insuring public should not allow itself to be deceived with regard to the term "Annual Dividends." Many companies using this expression mean that their dividends are "annual" after three years begin to pay them at all; but they do not begin to pay until the settlement of the third, fourth, or fifth premiums.

One hundred Dollars paid in dividends, at the end of *one year*, and each year thereafter, equals four hundred and Thirty six Dollars paid at the end of four years, interest at six per cent.

Applications for Assurance may be made to any of the Society Agents throughout the country, or in person or by letter to the General Agents.

DUNN'S PATENT COTTON TIE.

WE BEG TO ANNOUNCE that we have been appointed Sole Agents for the sale of the above Patent Tie in Virginia and North Carolina.

The satisfaction it gave last season wherever used, warrants us in recommending it as the best he yet introduced. It combines the advantages of great strength, great simplicity and ease in manipulation, besides the difficulty of taking up the slack of the band in the operation of baling, is entirely obviated.

We shall have our supply direct from the manufacturer in England, for delivery in July or August, at the lowest market rates.

SWEET QUININE

Is a Recent Improvement.

Replaces the use of the BITTER SULPHATE QUININE, with which all are familiar.

Dose for dose, it is

WARRANTED

Fully equal in every way to Bitter Quinine,

AND, LIKE IT, IS THE ONE

Great, Positive, and Unfailing

CURE

For all Diseases of Malarious Origin.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague,

and the long train of disorders following these when neglected.

SWEET QUININE

is made solely from Peruvian Bark (so is Bitter Quinine), therefore is of Vegetable origin, and not a Mineral poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for, malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The one advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in POWDER, for the use of Physicians and Druggists, and FLUID, for use in the family and for the general public.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

SPARKLING

CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called North Carolina White Sulphur Springs, will be open for visitors on Wednesday, the 1st day of June.

Being situated in the Northwestern part of the State, in a section remarkable for its delightful climate, beauty and healthiness, these, together with the virtue of the waters, make it one of the most desirable Watering Places to be found.

The Mineral Waters of these Springs

Are the White and Blue Sulphur, and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all Female diseases, diseases of long standing, diseases of the liver, bowels, stomach, kidneys, Pulmonary diseases, Eruptions of the skin, Scrofula, Weakness, Debility, Dyspepsia, Rheumatism, &c., &c.

From the numerous wonderful cures that have come immediately under my own observation within the last four years (by the use of these waters) I am satisfied that this is the place for all whose condition can be improved by the salubrious character of any water that flows from the earth, and the medicinal qualities of the same are not excelled.

Our rooms, in both cottages and other buildings, are large and pleasant; cottages containing from two to six rooms each, suitable for large or small families. Many rooms having been already applied for arrangements will be made to accommodate a large number of visitors, and it is to be hoped that our Southern people will patronize the Sparkling Catawba, which ought to be the pride of North Carolina, as well as the South, for no watering place can offer greater inducements for either health or pleasure.

The Bar will be supplied with choice liquors and Segars. Good Ten Pin Alleys. Billiard Tables, one of which will be of the most approved style.

GOOD BATH HOUSES,

For Pool, Plunge or Shower Baths, hot or cold.

A GOOD BAND OF MUSIC,

Six or more performers, has been engaged for the season, and a good Physician permanently located for the benefit of invalids, who will have good attention.

The Sparkling Catawba this season will be under the management of Mr. JOHN L. EURAND, (who, for the last three years has been manager at the Healing Springs in Virginia)—assisted by Mrs. M. A. WREN, and visitors may rely upon finding a good table.

The cars, on the Western and Morganton Railroad, leave Salisbury every morning, Sundays excepted, for Hickory Station, the Springs Depot, where hacks with good drivers will be ready to take passengers to the Springs, a distance of six miles, over a beautiful, well shaded road.

A GOOD LAUNDRY connected with the Springs and washing done at reasonable rates.

BOARD.

For four weeks, $18. Per Week, $5. Per day $1. Children under ten years of age and colored servants half price. No charge for infants, or children under two years of age. Reasonable deduction made for large families who spend the season.

Tickets at reduced rates, or return tickets, can be had on the different Railroads to the Sparkling Catawba.

ROCKBRIDGE ALUM SPRINGS, VA.

Open May 15th, 1870.

THIS FAVORITE AND CELEBRATED Watering Place is now in complete order for the reception of guests. Important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia. The waters of these special springs either cure or greatly relieve most cases of Scrofula, Incipient Consumption, Chronic Bronchitis, Chronic Laryngitis, Chronic Pneumonia, Chronic Dyspepsia, Chronic Diarrhœa, Jaundice. They are also a great value in those affections which are peculiar to the female constitution, and as an appetizer, a tonic and general restorative, they are, perhaps, unrivalled amongst mineral waters. The proprietor will have provided for the lawns and ballroom a first-class band of music, and in general all the sources of amusement and recreation usually found at our best summer resorts will be at the command of the guests at "ROCKBRIDGE ALUM." The place is within eleven to thirteen hours of Richmond, Washington, Baltimore, &c., by rail, all in daylight. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road of only eight miles, set down the visitors at the Springs to tea.
